Our Pre Junior classes offer variety within each class. With a new class focus every week, young students begin to learn the basics of understanding concepts of pitch, dynamics and rhythm, learn to read basic music notation, build confidence and a love of singing, moving and dancing. Physically they develop co-ordination, strength and flexibility. Stickers & certificates reward the levels achieved and provide a guide for assessable standards but the enormous fun and huge smiles reflect what the classes are really about! At the end of every year we celebrate our Pre Schoolers with their own in house Concert & Tea Party!

**Fairy Feet Ballet** - 3-5 yrs an introduction to classical ballet using creative, imaginative role-playing and fun props. This class is suitable for both boys and girls who are having so much fun that they don't even realise that they are learning the fundamentals of ballet technique along the way.

**Razz Dazz Jazz** - is a class for our preschoolers who are 3-5 years and about to get ready to start Kindergarten. The music for this class is fun and familiar to them and expands on the techniques learned by our younger classes. We do some warming up, stretching, progressions across the room (including skips, kicks and basic turning skills) singing and music as well as putting together a dance for the recital/concert.

**Intro Combo Jazz & Ballet (5-7yr)**- a great intro to dance and the next step after Fairy Feet & Razzle Dazzle. This class offers a mix of genres starting with ballet followed by jazz. Great for kindergarten and above age groups - and covers all bases in terms of little dancers wanting to be ballet dancers, groovers and singers in one class.

**Primary Theatre (5-7yr)** - a great Intro to the world of being a Broadway Star! Little ones are introduced to safe vocal techniques to using their voices and begin playing improv & acting games and working on children's theatre material to understand the 3 elements of singing, dancing and acting.

Adult Theatre/Acting      Thur 8.00-9.30pm

**Acting** - Improvisation, scripts, playwriting and a whole lot of dramatic fun! Studying techniques for film, television and theatre - students are engaged in drama and acting games and exercises and offered multiple opportunities throughout the year to perform on stage and behind the screen.

Since many of our students are serious about a career in the acting industry (with many signed up to talent agencies), we often use our classes to expose them to tips and tricks of casting. Whether it's helping them prepare for and record a self-tape audition or teaching them about the casting process in a casting room, we make sure to arm our students with confidence and industry-specific knowledge.

Students will work on bringing solo and paired scenes to life through character work. They'll learn to identify the given circumstances of a monologue, breaking down the script, identifying the subtext that may exist beneath the words and imagining the emotional state of their character. They will also apply the stagecraft elements of props and costume to add to the character, and then perform to an audience.

Private Coaching students have the option to study for their Acting, Speech & Drama Exams with the London Trinity Syllabus.

## Adult Classes

### Lindy Hop Class -

What is Lindy Hop? A smooth and solid partner dance with a constant rhythmic 8-count "pulse" that you feel in your bones. Lindy Hop became a dance craze worldwide, also known as Jitterbug. Lindy Hop is a social dance. Partners are connected smoothly and gently to each other, while relating closely to the music, in feeling and improvisation.

It altered into many forms, such as West Coast Swing, Rock'n'Roll, and Boogie Woogie. But the authentic style, the original style, will always be from the Savoy Ballroom. Lindy Hop can be danced to modern music as well as big swing bands and it is because of its fluid adaptable nature that it has taken off like it has around the world.

No matter what your age or day job, dancing is a great way to keep fit and a healthy way to go out with your friends. No need to bring a partner, male and female leads and follows welcome!

Kristy and Rob began teaching in 2010 to enhance the rich dance tapestry of the Coffs Harbour region by bringing people of all ages, cultures, and religions together to appreciate music, fun and friendship through dance.

Lindy Hop is a dance style that offers freedom for both male and female dancers and can be danced to both fast and slow music, the vintage styling offers a fun opportunity to get dressed up when we 'swing our thing!', vintage themed nights are back on the agenda!

If you like the sound of a dance that is for young or old, has a cheeky flavour that incorporates classic vintage style accentuated by fabulous big band sounds then this is the dance for you!

## **Learn Guitar from Mitch Burgess**

Music plays a huge part in Mitch's life and he's been strumming and learning songs for as long as he can remember. He's part way through a Bachelor of Music at UNE and balances study with teaching and performing across the region.

For Mitch, teaching is all about connection and he loves to share his passion and knowledge for the guitar with his students. He finds it extremely rewarding to see a student grasp something that has taken real effort on their part to get right. Above all else, he wants lessons to be thoroughly enjoyable as he appreciates that such enjoyment naturally brings about improvement and growth for his students.

Mitch teaches both electric and acoustic guitar.

## **Learn Drums from Cameron Smith**

A drummer since his early teens, Cam is a very accomplished musician having toured nationally with bands and appeared on a number of television networks. He has studied both Sound Production and Jazz Performance at a tertiary level. Cam sees teaching as a great opportunity to give back to students what he has dedicated his life to. One of his early teachers was fundamental in shaping Cam as a person and he carries many of the things he learnt then with him through life. He is a passionate advocate for the Arts and hopes to inspire those he teaches to continue with creative pursuits. Having a career in music or the arts is always seen as quite a difficult road to take, but if you genuinely connect with music and it's your passion, a career is definitely achievable. Most of all, it's about having fun and being able to express yourself musically. Even just engaging your brain in the way that learning an instrument requires is such a beneficial and lifelong experience. You'll often catch Cam gigging on the Coffs Coast with fellow WPAS music teacher, Mitch Burgess.
