

OUR MISSION

Our mission is to be a community pillar by providing our students an inspiring, creative and inclusive space. We offer holistic training in all dance, music and performing arts disciplines from preschoolers to adults. We aim to empower our students and give them the foundations they need to grow, learn and succeed not just in the arts but in all aspects of life

10 THINGS WE VALUE ABOVE 'TALENT'

1) BEING KIND

'In a world lost in technology, one of our values is being kind! To everyone around you - your peers, teachers and to yourself.'

2) GOING THE EXTRA MILE

At WPAS, we see and value the extra effort students put into achieving their individual or team goals. It's the little extra bits that make a big difference!

3) A POSITIVE MINDSET

Looking through a positive lens to help overcome things that challenge you. A little can go a long way when we keep positive and affirm those around us!

4) PASSION OVER PERFECTION

When we perform with passion, there are no imperfections. We value training passionately and working hard over striving for one perception of 'perfection.'

5) BEING ON TIME/SHOWING UP

Being on time and arriving with presence and passion goes a long way! Sometimes, it's not about arriving late; it's about how you arrive and the energy you bring.

6) HAVING A STRONG WORK ETHIC

Being knocked down and getting back up again is a part of life, and your strong ethic in class will help prepare you for anything!

7) BEING OPEN TO EVERY POSSIBILITY

Every opportunity is a chance to learn, challenge yourself and grow! Be open to all opportunities, even those different from those you've pursued. These opportunities will bring with them so much value!

8) BEING ACCOUNTABLE AND TAKING OWNERSHIP

Taking responsibility is hard, which is why we value honesty in the face of conflict and

9) TAKING CARE OF YOUR MIND, BODY & SOUL

Nourishing your body with healthy food and water is only the beginning! Make sure your mind and soul are nourished by spending time with people who make you happy, meditating, reading inspiring books and being in nature!

10) PROCESS OVER PRODUCT

We value the process of getting from A to B and not the final product. For us, it's not about the journey OR the destination... It's the company. The day-to-day habits and training in class with our peers and teachers.
