Our Primary students are encouraged to explore the world of dance, music and the arts with multiple genre options and performance opportunities. We love to foster and nurture their joy and love for the arts whilst beginning the basics of technique and strength through structured syllabi and programs. By creating life long friendships and connections with their teachers, primary-level students are nurtured with developing their confidence and self-belief in our warm environment.

Primary students are encouraged to perform in their bi-annual musical and annual end of year production!
